Gloria Vaughn has met all her H&S training requirements; however, she will need to have a pre-screening exam completed prior to her deployment. I spoke with Nurse Mike in our FOH Clinic and he is able to see her first thing tomorrow morning.

Please have her complete the items highlighted in yellow on the attached form. Nurse Mike will be ready for her at 8am. There is no bloodwork required for the pre-screening exam! So as soon as she is finished and given clearance by Nurse Mike, she is able to deploy.
